

Faith Sees Best in the Dark

by Dan Tittle and Karla Oleson Tittle Feb. 2021

V1

I pray every day, reachin' up to You

Feelin' Your grace, It's You I turn to

Faith sees best in the dark

V2

Walkin' through the darkest night, steppin' through my pain

Faith sends eternal light, soakin' up the stain

Faith sees best in the dark, best in the dark

Chorus

Sometimes I can't reach that high, the weight holds me down

Then all of hope keeps waning, and I begin to drown

When all that's left is my hand, searchin' blindly

Faith sees...best in the dark, best in the dark

V3

Faith is a holy medicine, to all it's free

Feel heavens nature deep within, it frees your soul to sing

Pre-chorus

Faith sees best in the dark, faith sees best in the dark, faith sees best in the dark

Faith sees best in the dark, faith sees best in the dark, faith sees best in the dark

Back to Chorus

When all that's left is my hand...best in the dark

Give it time and faith shall see...best in the dark

Best in the dark!
